Dog Teams Used In Rescue After Plane Wrecked

Derby Dogs, Driver Haul Bay Men from Snow Bound Field

Dog teams piloted by Lloyd Van Sickle, nationally known dog handler, and E. A. Crandall, owner of Hill Top Lodge, played an important part in the rescue of four bay area men when a chartered airplane crashed Monday night at 6:45 o'clock at the Truckee emergency airport, four miles east of here.

The four men escaped serious injury when the plane, piloted by Floyd Sanchez, 33, San Lorenzo, developed motor trouble at an altitude of 10,000 feet and plummeted to the snow covered field.

Most seriously injured was Morris Murphy, 53, who had several stitches taken in his chin. Murphy's son James, 24, was unhurt as was William O'Neill, 50. All the men except the pilot were from San Francisco. At a luncheon in the bay city Monday they decided to fly to Reno and chartered the plane for the trip.

Following the crash, the four battled their way through three feet of crusted snow to the small house at the airport where they telephoned Fosten Wilson, Truckee deputy sheriff. Wilson immediately notified Constable N. F. Dolley and the Sheriff's Ski Posse, headed by Roy Waters and Harold Hodson, went into action.

Forest Service and Sierra Pacific Power Company equipment was taken to the scene but the deep snow prevented them reaching the stranded fliers. It was then that Van Sickle and Crandall were notified and the dog teams were rushed to the scene.

Dr. L. D. Nelson snowshoed in to give the injured first aid and they were later brought to Truckee by the Truckee Ambulance for further treatment and then went on to Reno.

The men praised the work of the rescuers and particularly liked the thrilling dog sled ride.

Members of the ski posse who assisted in the work included Waters, Hodson, Karl Kielhofer, Cecil Clepper, Bill Campbell, Erv Waters, August Esola and others. E. E. (Pike) Boehm, Truckee forest ranger, directed the work of his equipment.

The plane crashed only a few miles from the spot where three years ago a C47 army transport plane crashed killing all 26 men on board. Only two weeks ago, a plane occupied by two men was forced to crash land near the same place where the Stinson 150 piled up on Monday evening. Neither man was hurt at the time and both made their way to Truckee before reporting the mishap.

The dog teams which figured in the rescue Monday are the ones operated at Hill Top Lodge by Van Sickle and which will be entered in the Sierra Dog Derby here March 5 and 6.

Truckee Wins Third Game In Week Off Reno

Truckee Hoopsters Sink Reno Navy Squad 71 To 33

The Truckee American Legion basketball team broke back into the win column last Thursday night after five straight losses with a 41 to 36 victory over the Dougherty's Bar quintet from Reno. This was the third and final game with this team as each had previously won one.

The locals took the lead in the opening minutes and never were headed, although the visitors made a game of it during the few minutes of play. The Truckee boys used an unusually passing attack with all members handling the ball with style. Scoring honors went to Al Wakefield who paced the Truckee scoring with 20 points, followed by Jimmie Flynn's 14 markers. Truckee had the free throw measure for the game, making good 11 out of 17 opportunities. John Rablin and Wakefield held control of backboard rebounds while Flynn, Les Davidson, Bill Curran and Humbert Ciardella showed up well on floor work.

Coach John Rau used every man on his team searching for hidden talent Monday night as the locals scuttled the Naval Reserve by 71 to 32. Wakefield and Flynn again paced the victors with 33 and 14 points respectively. The visitors failed to penetrate the Truckee defense in the first half, chalking only 11 tallies in the first half. A series of second half long-shots built up 22 more points for the Reno sailors. Reg Smart, Truckee guard, and Rau joined the other luminaries for the tilt.

Last night's game against the DeLuxe Taxi team of Reno saw Dr. John Keys join the Truckee line-up and account for eight of the 59 points for the home towners. Wakefield again led the scoring with 22 points, with Curran accounting for 16. Flynn was the only Truckee player to sink his free-throws but the visitors only talled 40 points to meet their second defeat by the Legion's team.

Games scheduled for the coming week are Colfax at Colfax on Saturday, Reno Co-Ops (third in tied series) next Tuesday and Vaughn Mills of Reno Feb. 11.

Lowell Thomas News Broadcast From Truckee

Commentator Is Host To Local Citizenry At Studio

Truckee and the Donner Summit district were honored this week by a visit from Lowell Thomas, internationally known radio commentator and news analyist, who while enjoying the skiing at the summit and Truckee, is continuing his broadcasts from the trainmaster's office at the Southern Pacific depot here twice daily.

Thomas arrived Monday and his first broadcast was sent over the air that afternoon at 3:45 o'clock, followed in the evening with a second broadcast at 8:00 o'clock. This same schedule will be continued through Friday. Visitors are welcome at the program to the capacity of the room.

The "old man with the long grey beard of radio" as Thomas termed himself in speaking of his 19 years of continuous news broadcasting from all parts of the world, talks informally to his audience before and following the program, discussing his experiences and explaining some of the "mysteries" of radio. He is unassuming, friendly and cordial and his visit is being enjoyed by local residents.

Accompanying Thomas are his son, a lecturer of note in his own right, and the radio man's technician and the latter's wife, Mr. and Mrs. Gene Rix of New York, who spend their spare time at Hill Top Lodge skiing. The broadcasting arrangements here were made with the Pacific Telephone and Telegraph Company and the program is sent on direct wire to San Francisco where it takes to the air.

Thomas, who is apparently enjoying his "vacation" here, discusses Truckee, the Donner area and local scenic and recreational advantages along with his world-wide reporting, giving the region invaluable publicity nationwide. Tuesday night the rescue of four fliers from the snowbound airport by Lloyd Van Sickle's dog teams was reported.

His plans after leaving Truckee are not definite, Thomas said, although he plans to complete a western tour before returning to east.

Several officials of the Southern Pacific Company, including L. L. Jennings, division superintendent, made arrangements for the local broadcasts and during the broadcasts, which Thomas is making for the first time from a railroad station, all activities on the line are suspended to prevent noise.

Earl Stice, Truckee agent, reported Assistant Superintendent Birt of San Francisco in charge of telegraphic operations, Chief Investigator Taylor of Sacramento, District Passenger and Freight Agent J. H. Mahan of Reno and Trainmaster Tom Billingsley of Emigrant Gap were among the officials here for the occasion.

Hospital Vote Delayed After Board Session

Limited Exclusions OK'd As Board Awaits Resolution

The Nevada County Board of Supervisors yesterday delayed until their March 2 meeting a definite decision on a request by the Tahoe Forest Hospital Committee to call an election for the formation of a hospital district in this area.

The delay was occasioned by the lack of a resolution which the board felt necessary to clearly define the request.

In voting on exclusions, the board refused to eliminate any property in the proposed district with the exception of two sections of land owned by Towle Brothers and certain unpopulated, isolated sections of Southern Pacific property.

R. N. Little, chairman of the hospital committee and C. W. Vernon of Tahoe City, also an active committee member, represented the district at the session.

LOCAL MARKET CHANGES HANDS, OPENS FRIDAY

Purchase of the former Truckee Meat Market on Commercial Row from Charles Bedell of Quincy and the operators August Esola and Ernest Guidotti of Truckee was announced this week by Ted Riddle of Kings Beach, president of Sierra Markets Inc.

The new owner, who founded and operated with success the super market known as Ted's Market at Kings Beach, says he plans to remodel the store here and offer city prices to Truckee in both retail and wholesale meats. He will handle only government inspected meats of high quality, he said, and will continue to operate the market at Kings Beach.

Guidotti said he will leave for Sacramento where he will be employed as a butcher in one of the big stores there. For the time being Mrs. Guidotti and their small daughter will remain in Truckee where Mrs. Guidotti is employed by the Southern Pacific. Esola also may got to Sacramento but said his plans at present are indefinite. Mrs. Esola is working at the telephone office here.

Riddle announced that the market, which has been closed this week for alterations and redecorating, will be open tomorrow. Two men from Reno will arrive, he said, to take charge of the local store.

The jumps will be made off the scaffold where a distance of 150 feet can be accomplished. The jumps will be in A, B and C classes.

Fish Season Is Established By Commissioners

Lakes, Reservoir to Open Month Ahead Of Streams

A shift of seasonal opening and closing dates for the California sport fishing will become effective March 1, the state division of fish and game announced following the meeting last weekend in San Francisco.

According to H. H. Hodson, vice president of the Truckee Outdoor Sportsmen, who attended the meetings, the 1949 regulations are an attempt to alleviate pressures which will be placed on California waters through their use by more than a million anglers.

All previous regulations and stream closures will remain in force except those modified by the 1949 regulations.

With the exception of Donner Lake, Lake Tahoe, Boca Reservoir, Lake Almanor, Butt Lake, Pit River and its Lassen County tributaries, California's new summer trout season extends from May 30 to October 31 in the following counties: Mariposa, Tuolumne, Alpine, Calaveras, El Dorado, Amador, Placer, Nevada, Sierra, Plumas and Lassen.

General trout season in the remainder of the state begins May 1, ending October 31.

To permit the taking of salmon and steelhead trout during spring and early fall months without setting up special salmon regulations, the bag limit of 15 fish or 10 pounds and one fish was modified to permit taking of at least three fish, regardless of weight.

A. G. Bradshaw, president of the Outdoor Sportsmen, temporarily living at Roseville, also represented Truckee at the meeting.

From North Tahoe

KINGS BEACH— Representing the North Tahoe area at the fish and game commission session last weekend were H. E. (Pappy) Brooks and Harry O. Comstock.

Jury Frees Lois Hardy As Trial For Slaying Ends

"Black Out" Defense Is Effective; Jury Out Half Hour

The jury of seven women and five men which heard evidence in the second murder trial of Lois Hardy, 23, once convicted and sentenced to die for her alleged participation in the slaying of James McLain, San Fernando, near Hirschdale in July 1947, deliberated only 30 minutes before acquitting the woman in the superior court at Nevada City yesterday.

The jury evidently believed Lois' story that she "blanked out" following a scuffle with McLain in a Sparks auto camp the night prior to the slaying and failed to regain her normal composure until after the victim had been brutally killed.

Her common-law husband, Joe Hardy, is serving a life sentence in San Quentin for his part in the killing.

Mrs. Hardy's conversation with Mrs. N. F. Dolley in the Truckee jail in which Mrs. Dolley said she readily admitted her part in McLain's death was admitted as evidence but failed to sway the verdict.

OUR WATER SITUATION

OUR APPRECIATION and thanks for your forebearance and understanding to those of our customers suffering the inconvenience of frozen pipes and water shortage caused by the protracted cold spell. Despite the 'round the clock operation of our pumps the District finds it impossible at times to maintain a sufficient supply, due to the enormous drain on the system caused by so many of our customers letting their water run to prevent their pipes freezing.

WE URGE all our customers to have their plumbing inspected and where necessary have a proper bleed installed to drain their pipes to prevent freezing, so as to conserve the water for actual usage as needed.

WATER IS CHEAP but vital.

Tahoe Letter

FROM SWANEE

Dear Tahoeites:

Today is the last day of January. For the last two days the sun has shone brightly and it seems like spring, except when the sun has gone down. Then the mercury drops with excessive speed. The level of the snow has dropped about a foot during the week of clear weather.

Today, like most Tahoe City folks, my face is red! Nearly everyone in the area attended the White Hills ski meet yesterday where red faces were the order of the day. Throughout the day the sun shone but as soon as the shadows lengthened, kness knocked and teeth chattered with the cold. Lake Tahoe and Truckee skiers made excellent showings in the two days meet. Several accidents marred the events with Tahoe's Bob Stark breaking his left collarbone when he skidded into a small grove of trees on the down mountain course Saturday. He was taken to the Veterans Hospital in Reno where x-rays revealed the extent of his injuries. The second accident occurred Sunday when a skier broke a leg. On Saturday Tahoe's Oliver Henrikson crashed into the same trees on the downhill race and was x-rayed later at Carson City but no injuries were shown and he participated in Sunday's events despite numerous bruises. Have just learned from Chuck Henrikson, who visited Bob in the hospital today, that he can come home tomorrow as his injuries are not as serious as first feared. He told his friends he will be on hand for the state jumping contests to be held by the Lake Tahoe Ski Club here Feb. 26 and 27. Tahoe is proud of the marvelous showing made by members of the club who participated in the White Hills meet.

Seen at White Hills Sunday were Bill Boorman Sr. and his mother, daughter Betty and son Bill. They drove up from their home on the peninsula for the day and visited at their former Fairway Drive home while here.

Am happy to report Mrs. Charles Cross is making excellent progress at Lake Merrit Hospital in Oakland but will remain there for an indefinite period. Charlie Cross also underwent a minor operation on his hand and is back home recuping. Home for a few days from University of Nevada are Sally and Chal Cross and friend Miss Pat Wilson of Reno.

Had a card today from the meandering Bert Watsons from Japan. They are reported due back iin San Francisco Thursday and will spend a week or two in the bay region visiting before returning to Tahoe.

Granlibakken was the scene of a night skiing party Sunday for a group of Tahoe residents who skied under the flood lights. At the affair were the Herman Rauhs, the A. M. Henrys Sr. and Jr., the Jay Shontzes, the Dick Clarkes, the G. D. Waters, Jean Bolton and Marion Rustad.

I call your attention to the Boy Scout dinner and installation at Tahoe Community hall Tuesday evening, February 8, at 6 p.m. Mrs. Ila Martin is chairman of the affair and extends a cordial invitation to all the people of the Truckee-Tahoe area. A pot luck supper will be served followed by presentation of the charter to Tahoe Troop 27 by Ray Ewan of Auburn, Tahoe Council Scout executive.

Today is FDR's birthday and I hope you all remembered to send along your dimes and dollars for the worthy cause he sponsored—the March of Dimes. Adios for now and best of good wishes to all—as ever, Swanee

CHAMBER REPORTS SPREAD OF TAHOE'S FAME

KINGS BEACH— The ways and means committee of the Lake Tahoe Chamber of Commerce met at Bijou last Thursday night to discuss budgets. E. R. Smith of Tahoe Valley is in charge of planning the organization's emblem. Chuck Johnson reported that snow and ski conditions had been broadcast over a national hoopup for at least 20 broadcasts. A radio program featuring a weekly contest to find the best dressed San Francisco woman offers as the grand prize for January a trip to Tahoe. The winner arrives at Reno via United Airlines where she will be met and conducted to the lake. The Johnsons at the south end, Bill and Bonnie Bates here and the Fred Cunninghams of Homewood will serve as hosts.

This is a diesel ... a modern locomotive that means better service to you.

Leaders of two unions think it's a feather-bed ... a "make work" grab that means less service to you.

● Leaders of unions representing railroad engineers and firemen seek to force railroads to add extra, needless men on diesel locomotives. This is sheer waste —a "make-work" program which would mean fewer improvements and higher costs—for YOU!

Railroads use modern diesel locomotives because they are one of the means of giving faster, better service to you.

Two men compose the crew of a diesel. They occupy a clean, comfortable cab at the front. The engineer handles the throttle. The fireman sits and watches the track ahead. With no coal to shovel, he has practically nothing else to do.

No Benefit To You

Now the leaders of the Brotherhood of Locomotive Engineers and the Brotherhood of Locomotive Firemen and Enginemen want to use the diesel locomotive as a means of forcing a feather-bedding scheme on the railroads. The extra men they propose to add to the diesel crews are not needed. There is no work for them.

The union leaders are fighting among themselves about which union should furnish these extra, needless men. The Brotherhood of Locomotive Engineers have even threatened a strike. You may not be interested in this dispute of these two unions, but you would be vitally concerned if these groups succeed in putting through this feather-bedding scheme, because it would mean a slowing up of the improvement program of the railroads—of which the diesel is the outstanding symbol.

Diesel crews are among the highest paid railroad employes—real aristocrats of labor! Their pay is high by any standard. Granting of these demands, therefore, would mean that the railroads would be paying out millions in unearned wages to those in the very highest pay brackets.

We'd Like To Spend This Money On You

You know how much the diesel has meant to you in increased speed, comfort and convenience. The railroads have many more of them on order for even greater improvement in service to you. But needless drains of money, such as this present demand of the unions for needless men on diesels, reduce the ability of the railroads to spend money on better service for you.

Proud as the railroads are of the diesel, it is only a small part of their improvement program. Since the War, literally billions of dollars have been spent on improvement of tracks and stations, on new passenger and freight cars, as well as on diesel locomotives, and on the many other less conspicuous details of railroading that contribute to improved service.

Feather-Bedding Means Less Service To You

But brazen feather-bedding schemes like the one now proposed would, if successful, divert large sums of money from our present improvement programs. Even worse, they make improvements like the diesel worthless, by making the cost of their operation prohibitive.

These demands are against YOUR interests —as well as those of the railroads. They are schemes to "make work". Neither you nor the railroads should be forced to pay such a penalty for progress.

That's why the railroads are resisting these "make work" demands to the last ditch—and why they are telling you about them.

Summit Scene

by FRAN COJILLARD

With the beginning of the week 40 operators from hotel to gas statio n owners sat down and reached a decision that publicity should be their goal. In an area-wide plan money was pledged, wrinkles ironed out and harmony prevailed. The committee of Elmo Moriano, Stanley Walton, James Horak, Chas. Van Evera, Gordon Hooley, Jean and Herb Coleman, Rolly Galloway, Bill Vail and yours truly continues with enthusiasm and hopefulness.

Also at the beginning of the week the Donner Summit Racing Club was formed. A few days afterward six of its members traveled to White Hills and brought back five trophies. Dick Buek, 19 year old schusser of the Summit, emerged triumphant. His down hill time of 42.6 beat that of Boots Blatt at 43.2. His first slalom run time of 57.3 was broken by his second of 54.17. His combined time giving him 3rd place in the men's Class A division. Maria Schuster proudly packed two trophies home with Marie Fitzpatrick toting one. The club has as its president Bud Walton; as vice president Maria Schuster.

Thousands of cars went out of the area with "We've Been Skiing Donner Trail" bumper strips. Even special buses carried them. In front of Ski Ranch 237 were placed on cars; Elmo Moriano's packed car park had one on each bumper; Soda Springs Hotel and Donner Summit Lodge had the help wiring one to each bumper.

At the Ski Ranch we noticed pretty Helen Irish of the Marin Skate & Ski Club, picked by the Bay Federated Ski Clubs as the reigning queen this year—and she can ski. The Bay Federated clubs moving their show to the Summit bring with them Mayor Smith of Oakland and other dignitaries.

Some of the glamour of the mountain is moving down the hill to give a fashion show at Auburn. Representing Soda Springs Hotel Muriel Jones, Rita Vail, Robyn Griffith and Nadine Neugebauer will fit their forms into ski and riding cloths at the New comers Club Tea. June Forrester who has a cabin at Big Bend is chairman of the party, designed to welcome new people to Auburn.

From the Charles Vinds of Ski Inn Lodge: "A baby named Leonard Charles joined our family on January 27 and weighed almost 8 pounds." Congratulations.

At Beacon Hill were Mr. and Mrs. F. Moriano of San Francisco visiting Elmo. His sister and family were also his guests on the weekend. At Soda Springs Hotel were Ben Tarnutzer, SF ski columnist. The Stanley Waltons entertain Betty Swenson of San Francisco. Karl Geoppert and daughter Barbara, San Francisco socialites, ski this week and make their base at Donner Summit Lodge. Helen and Helmer Bergman take off for Sacramento for a few days. With school vacation on this week all places enjoyed a swell mid week business.

Speaking of school, we learn that Larry Rowton, ex-serviceman who finishes his high schooling at Auburn, passed his exams 100% and took top honors. Larry, who studies hard all week, comes to Soda Springs Hotel weekends to work behind the bar. His proud wife Marjories says he will be ready to enter Stanford Engineering School in a few months.

Ice Lakes Chalet finally licked the transportation problem and enjoyed a full house last weekend.

Beacon Hill is filled to the end of the month. The Knutzen Club of San Francisco, a party of 70 arrives Thursday and stays until Sunday. Following them comes the Associated Oil Ski Clubs in three buses and take over.

Stanley Walton went to Sacramento last Friday where he gave a very fine radio broadcast that lauded the whole area.

Howard Dawson and Chet Bunnell have started a package deal from San Francisco to this area including transportation, American Plan rates and ski equipment all for one price. Starting with one bus they have already chartered a second and foresee in the immediate future need for the third. George Rudolf, formerly of Soda Springs Ski Hut, has combined a travel service and transportation set up with his operations in Berkeley which is helping fill the area weekends.

The first Forest Service winter administration school at McIntosh Lodge was a great success according to Jim Gibson and Guerdon Ellis and will probably become an annual affair.

Eleanor Johansen of Sugar Bowl tells us of a blind boy who skis; that cinemactor Bob Stack and newscaster Lowell Thomas have been guests.

TAHOE BOY SCOUT TROOP TO RECEIVE CHARTER NEXT TUESDAY EVENING

TAHOE CITY— A pot luck dinner and installation ceremony will be held at Tahoe Community Center hall here Tuesday, Feb. 8 at 6 p.m. at which Tahoe Boy Scout Troop 27, newly organized and sponsored by Tahoe Community Church, will receive its charter from Ray Ewan, Scout executive from Auburn. Charter members of the troop are Jerry Quam, Clifford Dockham, Philip Ebe, Ronald Sanford, John Moore, Stanley Martin Jr., Ray Sorenson and Leonard Fuson. Herman Rauh, pastor of the church, will be the Scoutmaster.

Mrs. Ila Martin is chairman of the evening and will be assisted by Mrs. Oscar Quam and Mrs. Rauh of Tahoe and Mesdames Elden Tonini, H. Hagstrom and Carl Painter of Truckee. A call should be made to any of these ladies by those planning to attend to determine what they should bring to the supper. The public is invited.

Mrs. Martin will welcome assistance from those who can spare the time in preparing the hall for the supper. Men who wish to come alone may also call the committee and be assigned some convenient item to contribute to the feast.

TAHOE EASTER SERVICES MAY BE BROADCAST

TAHOE CITY— The Bishop's committee of Tahoe Community Church meets Monday evening, February 7, in community hall. The committee is composed of Stanley Martin, Jerry Waters, Oscar Quam, Dennis Sach, E. H. Pomin, A. M. Anderson, Norman Mayfield, Al Henry Jr., and Jay Shontz. Also to be present the pastor and his wife, the Herman Rauhs, and Mrs. Waters, secretary of the committee.

A proposal proposal to broadcast the Easter sunrise services at Tahoe City over a Reno radio station will be discussed. Rauh, who delivered the first Easter rite last year, is hoping that Tahoe will become more renowned in this respect than any other spot in the west.

LAKE LEGIONNAIRES TO VISIT VA HOSPITAL

TAHOE CITY—Tahoe American Legion Post 718 met Tuesday in community hall. At their previous meeting it was decided that a committee should motor to Reno to visit the Veterans Hospital and determine what service the Tahoe post could render the patients there. The trip is scheduled for Sunday, February 6 and Commander Al Randolph will head the group.

38 INCHES OF SNOW ON GROUND AT TAHOE CITY

TAHOE CITY— The level of Lake Tahoe Monday was 6224.42 with 193 CSF of water leaving the gates in town. Snow on the ground measured 38 inches and there was no precipitation during the week. Coldest day of the past week was Jan. 26 with one degree above zero and warmest was the 30th with 40 degrees.

TRIO ON SURVEY OF NEW WINTER RESORT AREA

TAHOE CITY— Mrs. Marie Henry of Tahoe City on Monday accompanied Mr. and Mrs. Wayne Poulsen of Reno to Squaw Valley via weasel where they climbed the peak which will hold the largest capacity double-seat chair ski lift in the country. It will be 7500 feet long when finished.

The trip is made regularly through the winter to survey the snow conditions. Poulsen said he found 5½ feet on the level with about a third of the depth on top powder snow and the bottom two-thirds well packed. Preliminary information indicates the valley may soon surpass Idaho's Sun Valley as a winter resort.

It was the first time in about seven years that Mrs. Henry donned her skis for such a long trek, the trio climbing to the first bowl below the massive peak.

Entertain Friends—

Mr. and Mrs. Merle Brusso of Vallejo recently visited at their Tahoe Pines home where they entertained friends over the week end.

FLORISTON

by CLARA FELESINA

FLORISTON— The Floriston Property Owners Association has invested in an electric pipe thawing outfit and Floriston residents now have the same pipe facilities as can be had in Reno, Sparks or Truckee where the thawers have been in constant use since the extreme cold set in. The association tried first to rent a thawer but finding it impossible decided it would be a good investment to buy their own, use of which is free to the members.

Miss Dorothy Lyons, daughter of Mr. and Mrs. James Lyon, fell while taking a skiing lesson at Truckee Saturday and sprained her knee. She is at Washoe General Hosvital in Reno and doing very well. She said she went to make a left turn and the skis made it but she didn't.

The Floriston Community Church has a new pastor. Beginning Sunday January 30, Rev. Charles D. Eltringham took charge of the services which are held at 7:30 p.m.

When James K. Perry and his father Claire Perry started for work the other morning they discovered on reaching the parking area at the highway that their 1939 Plymouth sedan, license number 1058 Nevada 1948, had been stolen during the night and at this writing nothing has been heard of it.

A birthday party was recently given by Mrs. John Knapp in honor of her four year old son Robert. Children attending were Sharon Demarest, Lydia Craig, Elene and Timmy Kelleher, Ralph Sebers, Steven and David Ayala and Eleanor and Richard Knapp.

Robert Hill returned from Hazen where he has been helping Mrs. Ernestine Kelleher prepare to move to Floriston to take over the management of the Kelleher Grocery Store so that Mrs. Thomas Kelleher can join her husband in Lovelock where he has taken over the management of the Lovelock Mercantile Store.

Mrs. Wesley Craig has returned from San Francisco where she has spent the last week most of it unfortunately in bed with a cold.

Mr. and Mrs. James Lyons and Mr. and Mrs. Antone Mayer entertained the Rev. and Mrs. Chas. D. Eltringham at dinner on Sunday evening.

The George Wards and Mrs. Waldyne Swanson and children have gone to San Francisco for three weeks or a month.

Up from Bowman—

Mr. and Mrs. Bob Thomas of Bowman spent last Thursday night at their Tahoe City home.

The Mothers Club held the first meeting of the year last Thursday evening at Kings Beach School with 32 present. The purpose was the election of officers for the year. Principal Archie Scott spoke to the group, listing a number of items needed in the school. It has been the policy of the club to assist in supplying the extras needed. Scott said they were lacking a screen for showing slides and Mrs. Dorothy English offered to donate one. Also mentioned as needed were shades for windows of the new rooms and mattress, pillow and blanket for the emergency cot. These will be considered by the mothers at a future meeting. The following officers were elected: Mrs. Alice Sorenson, president; Mrs. Dorothy Kyncy, vice president; Mrs. Dorothy O'Brien, secretary; Mrs. Clarice Astle, treasurer. Plans were made for the next meeting which will be a dinner for members and friends at The Gables on the evening of Feb. 24 and new officers will be installed at that time. Reservations should be in the hands of Nina Sorenson as soon as possible. She may be contacted at Brockway 171W.

More news from Irene Galleriani. She says they may extend their stay in Albuquerque, N.M., as her mother's operation is being postponed a few more days.

Mrs. Otis Wing and infant son are fully recovered from their recent illness. The baby is weight and doing nicely.

Mr. and Mrs. Snowden Burch have returned from an extended vacation trip all over California. They report Jessie and Howard Royston enjoying trailer living at Newport Beach, Calif.

Dick Astle will be back in school at Tahoe next semester. He returned from Sacramento on Saturday bringing his cousin Mae Astle and friend Pat Nylan. Jim and Dick took Pat back home Sunday and Mae is staying at the lake a few days. Returning from skiing at Tahoe City Saturday, Dick's car skidded on the ice near the rock quarry and plunged over the bank at the side of the road. Heavy snow held the car from going on down the bank and none was injured. Dick's brother Jim passed in another car and took pictures of the car as it hung in mid-air over the edge of the road.
